

Intramural Code of Conduct

Philosophy of CHS Intramurals

The Carmel High School Intramural program strives to provide facilities, programs, and development opportunities in the area of recreation, which enhance the health and well-being of students, faculty, and staff. This program offers a wide variety of quality recreational and intramural programs which foster personal, educational, ethical, and physical development.

Code of Conduct

All students, faculty, or staff playing intramural sports are expected to adhere to the posted schedule for playing and participating in the activities they enter in. The activity board will have posted a current schedule of games, activities, or events on a daily basis. Some changes may occur in the schedule. Participants are asked and encouraged to check this board on a daily basis as changes may take place on short notice.

Any participants must meet these requirements/rules:

1. School policies on dress code and behavior will be followed. Jewelry must be removed before participation in any activity.
2. All participants listed on a team entry must meet all stated eligibility requirements.
3. Teams may forfeit all wins for which an ineligible player participated.
4. All participants are expected to conform to special rules or procedures set forth for any scheduled activity.
5. All participants are expected to exhibit good sportsmanship, fair play, and abide by all rules of the Intramural Program and the scheduled activity. Remember that it is a privilege to participate in the Intramural Program, and that privilege can be taken away.
6. Any foul language, no matter who intended for, will not be tolerated. First occurrence, a warning will be given. Second occurrence, the participant will be expelled from the game, match, or activity.
7. Any participant, expelled or warned during an activity due to an act(s) of unsportsmanlike behavior of a non-physical nature may be suspended from their team's next scheduled game/match. The unsportsmanlike act can be subject to all participants, employees, spectators, or officials. On the second such occurrence for that individual during the school year, the individual will be suspended for the remainder of that sport, and possibly lose intramural privileges.
8. Any participant, expelled from a contest due to an act of unsportsmanlike behavior regarding a physical confrontation will be suspended for the duration of that sport, and may be referred to the Student Services Office. The length of the suspension will be determined by the lead sponsor of intramurals and administration.
