

# The Stella Connection

## This Week:

We had an unexpected day today! We had the chance to reward our good behavior and hard work with an extra, extra recess! The students were so tired and hot that after we came in for some water, they voted to stay in for the rest of the recess and learn about the sun, moon, and stars.

## Next Week:

We will continue to work on Unit 8: Sun, Moon, Stars Above! Our question of the week is... What is the sky like during the day?

*"Spring Sing" is coming!*

*Do you have your green shirt and black pants, skirt, or shorts for Spring Sing?*

or

**Special Notes... Here comes summer!**

## Summer Scholastic Orders!!!!

If you are wanting to order some books for summer reading, I will be placing an order Friday, May 5th! I will send out flyers in a few weeks! Be on the look-out!
