

West Clay Student Advisory Council (SAC) is teaming up with [The Julian Center](#) to affect the lives of families in Hamilton County. The Julian Center founded in 1975 is the largest organization supporting victims of various life crises in Indiana. They touch the lives of over 6,000 Hoosier survivors each year and empower them to recover and build a life for themselves and their families.

SAC would appreciate your kindness by donating items of need. All of the students at West Clay will multiply the small act of donating these items and together we can help transform the lives of others. We are requesting that each grade level contribute the items below during the week between **December 12 and December 19**. Place items in boxes located in each POD. Thank you in advance for your kindness!
